

HEAVY DUTY BLOWER FAN

10 inch - 220V

Description:

Industrial Heavy-Duty Blower Fans are engineered to deliver powerful airflow and pressure for demanding environments. Built with a steel casing and aluminium alloy impeller blades, these fans ensure durability and efficient performance even in harsh industrial conditions. The corrosion-resistant materials provide long-lasting operation for applications such as ventilation, cooling, and dust extraction in factories and industrial sites. These energy-efficient and reliable fans are CE, RoHS, and ISO 9001 certified, meeting the highest standards of safety and quality.

Technical Data:

| Data Specification | |
|--------------------------|-----------------------|
| Size | 10" (250mm) |
| Voltage Rating | 220V |
| Part Number | ATK-PB10220 |
| Power | 300W |
| Speed | 2900r/min |
| Air Delivery | 45m ³ /min |
| Wind Pressure | 295Pa |
| Frequency | 50Hz |
| Noise | 66 Db(A) |
| Certified | ISO 9001 CE RoHS |
| Colour | Red |
| Packing Dimension (Ctn.) | 39x32x34cm |
| Net Weight | 6.90 Kg |
| Gross Weight | 7.76 Kg |

Features:

- High airflow & pressure
- Corrosion-resistant body
- Energy-efficient motor
- Low noise & vibration
- Easy to install & maintain

Applications:

- Industrial ventilation
- Factory & warehouse cooling
- Dust/fume extraction
- Machinery & equipment cooling
- Workshop air circulation
