

ATEX DISTRIBUTION BOX

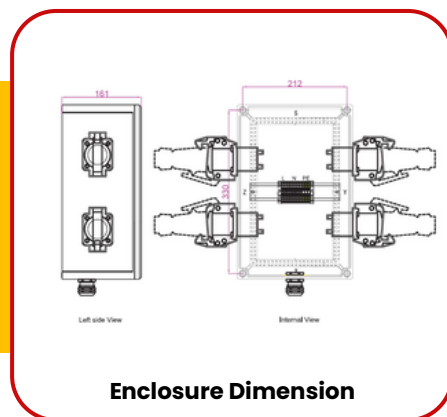

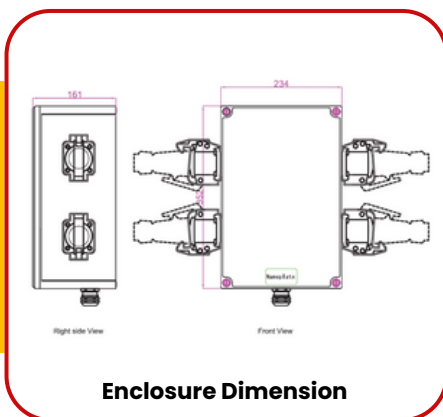

16A | 110V | 4 Way - with SS Stand Frame

Brand Option →

Description:

Compact and Ex-marked, this Distribution Box is designed for safe use in Zones 1 & 2 (Gas) and 21 & 22 (Dust). It powers LED lights and tools efficiently, reducing cable clutter. The enclosure features a GRP (Glass Reinforced Plastic) body mounted on a stainless steel stand frame, enhancing portability and operational safety in rugged environments. Certified for hazardous areas, it provides safe and reliable power distribution

Applications:

- Hazardous area maintenance and shutdown operations
- Oil & gas facilities, offshore platforms
- Petrochemical plants and refineries
- Confined space lighting and power distribution
- Tunnels, tanks, and industrial inspection zones
- Mobile power supply for Zone-classified sites
