

HEAVY DUTY BLOWER FAN

20 inch - 220V

Description:

Industrial Heavy-Duty Blower Fans are engineered to deliver powerful airflow and pressure for demanding environments. Built with a steel casing and aluminium alloy impeller blades, these fans ensure durability and efficient performance even in harsh industrial conditions. The corrosion-resistant materials provide long-lasting operation for applications such as ventilation, cooling, and dust extraction in factories and industrial sites. These energy-efficient and reliable fans are CE, RoHS, and ISO 9001 certified, meeting the highest standards of safety and quality.

Technical Data:

Data Specification	
Size	20" (500mm)
Voltage Rating	220V
Part Number	ATK-PB20220
Power	2200W
Speed	2900r/min
Air Delivery	281m ³ /min
Wind Pressure	1020Pa
Frequency	50Hz
Noise	81 Db(A)
Certified	ISO 9001 CE RoHS
Colour	Red
Packing Dimension (Ctn.)	65x57x37cm
Net Weight	22.86 Kg
Gross Weight	25.28 Kg

Features:

- High airflow & pressure
- Corrosion-resistant body
- Energy-efficient motor
- Low noise & vibration
- Easy to install & maintain

Applications:

- Industrial ventilation
- Factory & warehouse cooling
- Dust/fume extraction
- Machinery & equipment cooling
- Workshop air circulation

Certified:
